ICONS OF NEW ZEALAND HAND PAINTED POUNAMU

Pictured on this page are examples from our new range of unique and different gifts.

A young artist, recently returned from overseas, walked into our showroom with the most appealing little Tuatara painted on a Pounamu rock. From our half hour meeting this range evolved.

We hope from these pictures you will be able to pick up the detail and character of the artist's work.

No two pieces are the same because the "character" of the rock dictates the image Regan will paint.

The prices of each piece depend mainly on the size of the stone. If you want one of these pieces and have a price point to meet, let us know and we can ask the artist to select a stone and paint the "icon" of your choice to keep within your price point.

Available designs:

- Kiwi
- Tuatara
- Tiki
- Kingfish
- White Heron

All pieces are available in any of the configurations below.

1. Free standing – no base, C2045 & C2051
2. On a Pounamu stand, see C2048
3. Wood base with a choice of Rimu, or sustainable woods like Macrocarpa (C2042) or Pine (C2047). The wood bases can be made to any size.

For example the one shown on this page was a larger stand than normal to accommodate the a brass plaque with a lot of text.
